Graz, January 2004

International Competition for the Grand Prix Graz 2004

Dear Sirs!

As organisers, we would like to invite you to participate in the competition for the much sought-after "Grand Prix Graz" and the "Camera Alpine in Gold". Your production would provide an essential contribute to the "vitalization" of this popular film genre, and for this purpose we are offering you an international platform for your presentation.

Every autumn since 1986 it has been our goal to be a window of display at a high level for the international mountain and adventure films in the Styrian capital of Graz. We have included a list of the prize winners in 2003 in your information packet.

For reasons of organisation, the deadline for your registration has been moved forward several weeks to **May 24, 2004**. We kindly ask you to fill out the form which can be found in this letter and to send it to us even if you do not have the intention of submitting a film to the Festival.

We hope that you will participate in the festival this year and we are looking forward to welcoming you in Graz.

Yours

Robert Schauer
Director
